

## OUR RÉFÉRENTS :

**Yves-Marie ALLAIN**  
Environnement et biodiversité  
[Learn more +](#)

### MISSIONS

Ecology and biodiversity, Natural environments, Green and blue frames and ecological corridors, Urban planning

landscaping

### REFERENCES

Member of numerous scientific organizations, which French National Scientific Council on the Environmental and Sustainable Development, International Convention of Washington,

Numerous studies and analyzes which Environments;  
Towns: Nantes, Strasbourg, St- Pierre & Miquelon etc

### EDUCATION

Professor on landscape and environment : ENSP Versailles, Ecole de Chaillot, ENSAV Versailles. Participation in seminars, conferences, on landscape and biodiversity

### PUBLICATIONS

"The flower in garden art" La Martinière (2012)  
"A history of botanical gardens between science and landscapes" Quae (2012)

### TRAINING

Agronomist and horticultural engineer - AGRO - Paris (1969)  
Landscape engineer DPLG - ENSP Versailles (1970)

**Gilles ROUSSEAU**  
Sustainable land  
[Learn more +](#)

### MISSIONS

Studies urban planning, regulatory planning, ZAC creation, restructuring neighborhoods, turnover Urban ANRU,

Rehabilitation and social development areas , urban areas extension, redevelopment old centers, management public spaces

### REFERENCES

Member of SFU (French Society of Planners ) and ACAD

Many forest land and public spaces including studies in towns ; Angers, Aulnay / Bois, Caen, Chécý, Dreux, Montargis, Orleans, St-Nazaire, Trélazé

### EDUCATION

Professor of operational planning the PIA (Engineering Paris City School), the IUP ( Planning Institute of Paris ) , the IFU ( French institute of planning), Univ. Marne la Vallée, Director of studies and planning public spaces at the PIA

### PUBLICATIONS

Member of the Editorial Board of "Diagonal" the Ministry of Infrastructure and Development journal.

### TRAINING

Sustainable Architect DPLG – Nantes (1970)  
Planner - Paris VII (1970)

## Jean-Jacques RENAUD

Eco Design

[Learn more +](#)

### MISSIONS

Bioclimatic architecture, Industrial design, Eco habitat, AMO advice and

assistance to the operational decision

### REFERENCES

Director of habitat projects sustainable former International Building SETEC first French BET, Advising governments in West Africa, Member of the Real Estate Committee PHILIPS Group R & D expert in sustainable Habitat, Designer of several highly innovative green habitats

-----  
Many designs and achievements of books of all types including ; prototypes for industries

### EDUCATION

Ex Professor studies shapes and stereometry to ENSBA - Paris (Ecole des Beaux- Arts )

### PUBLICATIONS

Publications and articles to Monitor of Public Works

### TRAINING

Architect DPLG - ENSBA - Paris (1970)

## Philippe SCHIESSER

Eco-efficiency

[Learn more +](#)

### MISSIONS

Eco Design, Responsible Purchasing Methods and tools indicators, Studies and assessments on environmental analyzes; Stroke, AFME , EPD ,

GHG, Carbon, Circular Economy, Critical reviews and environmentally responsible approaches

### REFERENCES

President APEDEC, Expert with government, international Expert ANR

-----  
Consultant Communities, Administrations, Businesses ; Bouygues, SPIE , IFTH , AXA , SNCF, RENAULT

### EDUCATION

Associate Professor of Eco Design Sustainable Purchasing - UCP (University of Cergy-Pontoise)

Professor at the French Grandes Ecoles (ESCP, ECP, Ecole des Mines, Ecole Nationale Administration)

### PUBLICATIONS

Numerous publications:

" Practice of eco-design with 53 tools " Dunod (2012)

" Eco-design : indicators , methods and regulation" Dunod (2011)

" The practice of sustainable procurement " Weka (2011)

### TRAINING

Environmental Engineer – INSA Strasbourg ( 1994)

## Jean-Paul BLAIS

Sociologist

[Learn more +](#)

### MISSIONS

Programming urban, Urban Studies prior to sociology component, Studies of special areas, Practices and behaviors in social psychology

### REFERENCES

President of the College "Cities and Territories" of the ENPC, SFU member (French Society of Planners) and the Federation of CAUE (Public Architects)  
Expert PUCA (French Ministry of Infrastructure, S.D. Building and construction), Expert CECOD.

### EDUCATION

Professor Urban sociology at the PIA, the ENA (the French Public Administration School), Professor at Paris X (University of Paris-Nanterre)

### PUBLICATIONS

Many publications ; "Addressing and redial the neighborhood"  
PUCA - MEEDDM  
"Quality of life, environment and associative dynamics " collective work - PUCA

### TRAINING

PhD in Sociology - Paris VII (1969)  
Planner - Paris VII (1970)

## Patrick LACROIX

Sustainable development

[Learn more +](#)

### MISSIONS

SD approaches, AMO Sustainable Development, Sustainable urban development, urban studies, Prerequisites consultation, Incentives, motivations and behaviors eco-friendly , Strategy DD

### REFERENCES

CSR (Liability Social and environmental rating Corporate Services)  
Expert R & D Housing and sustainable living spaces, designer eco-systems and innovative processes, ex Moderator College Industry of the French Marketing Association

-----  
AMO DD Many works building designed and built, which several innovative prototypes, Diagnostics and Expertise in environment, Urban Studies prerequisites, Impact studies, Creating ZAC, Rehabilitation of areas for agglomerations, Eco -marketing, responsibility CSR rating for economic actors

### EDUCATION

Professor planning and sustainable development to PARITECH University, involved in ecology and industrial marketing Colleges , Speaking at conferences and public debates

### PUBLICATIONS

Several press articles published in Official Gazette, Monitor of Public Works, 2EI, The New Economist, Writing "Chronicle announced Sustainable Development" Belin (2010)

### TRAINING

Lawyer – Univ. Paris II (1979)  
Project Manager - ENSAV (1983)  
Marketing (SGD) – Univ. Paris IX (1988)

## Nicolas CHAUVINEAU

Energy efficiency

[Learn more +](#)

### MISSIONS\*

Thermal and Fluid Engineering, Potential Energy which ENR, Thermal Rules(TR)

### REFERENCES

Many missions thermal and fluids studies, energy efficiency which BEPOS (positive buildings energy)  
Missions AMO HQE assistance, Trainer thermal rules ( RT2012 )  
Training BEPOS and HQE.

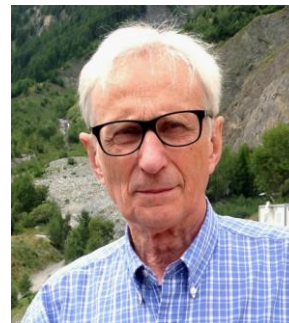

### EDUCATION

Training for Masters works and Project manager / architect.  
Master II CEDER - Chemistry and physics Decentralized Energy  
Embedded Renewable

### TRAINING

Master II CEDER - Chemistry and physics Decentralized Energy  
Embedded Renewable  
Univ. Versailles (2006)  
Degree in Environmental Sciences, specializing in thermal and fluids and ENR (Renewable energies)  
Univ. Nottingham (2004) - D.U.E.T.E. (2004)

\* Référent externe

## Marek PANKOWSKI

Chemical analysis

[Learn more +](#)

### MISSIONS\*

Assistance to internally ALMOE studies in organic chemistry, biological markers,  
Advisor R & D for molecular analysis of organic components

### REFERENCES

Ex. Researcher CNRS (French National Research Scientific Institute)  
-----  
Many collaborative works, and Patent Chemistry.

### EDUCATION

Former Lecturer at the CNRS,  
Professor ENSC Paris,  
Participation in numerous international conferences

### PUBLICATIONS

Numerous publications of Chemistry work in the scientific press,  
Participation in the drafting of several scientific works,  
Journalist and editor

### TRAINING

Engineer Chemist - POLYTECHNIC School - Warsaw (1960)  
State Doctorate of Sciences – Science-Physics – Univ. Paris VI  
(1973)
